

pixStem

Electron Microscopy
for Materials Science
University of Antwerp

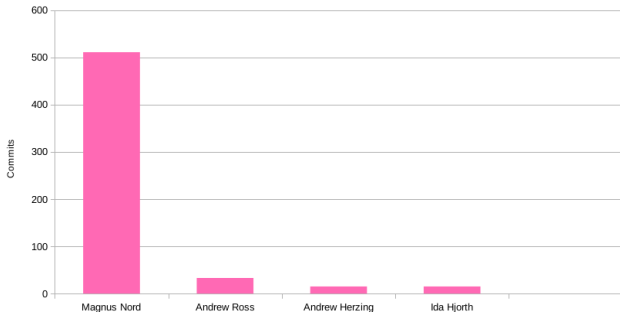

What is pixStem?

- ▶ Python library for pixelated STEM (4D STEM)
- ▶ Started developing during my post. doc. in Glasgow, together with Andrew Ross
- ▶ Relies heavily on HyperSpy

What is pixStem?

- ▶ Python library for pixelated STEM (4D STEM)
- ▶ Started developing during my post. doc. in Glasgow, together with Andrew Ross
- ▶ Relies heavily on HyperSpy
- ▶ Fluctuation electron microscopy analysis by Andrew Herzing (NIST)
